BASCOL Awarded Grant

Before and After School Child Care on Location, Inc. has been awarded a \$8,000 grant to partner with the National Inclusion Project's, Let's ALL Play initiative. BASCOL, a New York State licensed before and after school program, serves families in 16 locations in six school districts including the Liverpool Central School District. The goal of Let's ALL Play is to assist organizations that serve children nationwide in moving toward full inclusion. The National Inclusion Project serves to bridge the gap that exists between young people with disabilities and the world around them. They partner with communities and inclusive programs creating awareness about the possibilities that inclusion can bring. BASCOL will partner with the National Inclusion Project in training staff on how to better serve children with special needs and will provide a scholarship program to allow children with special needs to attend BASCOL this summer. "We are excited to be partnering again with the National Inclusion Project, Let's ALL Play, for the second year," said BASCOL Executive Director Candace B. Edwards. "It was a wonderful experience and all children benefited." To learn more, visit bascol.org.—*Michelle Manning*
